THE CLERK OF THE ABOVE ENTITLED COURT.

NOTICE IS HEREBY GIVEN THAT:

1. The City of Blackfoot, by and through its above-listed counsel of record, appeal against the above-named respondents, Gary Spackman, in his official capacity as the Director of the Idaho Department of Water Resources, and the Idaho Department of Water Resources, to the Idaho Supreme Court from the *Memorandum Decision and Order and Judgment*, both filed April 6, 2016, entered in the above-entitled action by the Honorable Eric J. Wildman, District Judge, presiding. A copy of the judgment or order being appealed is attached to this notice.
2. The Appellant has a right to appeal to the Idaho Supreme Court, and the judgment or orders described in paragraph 1, above, are appealable orders under and pursuant to Rule 11(a)(1) and 11(f), Idaho Appellate Rules.
3. A preliminary statement of the issues on appeal which the Appellant intends to assert in the appeal (which does not prevent the Appellant from asserting other issues) is as follows:
 - a. Whether the Director erred in a manner described in Idaho Code § 67-5279(3) by failing to consider the *Settlement Agreement, IDWR Transfer*

of Water Right, Transfer No. 72385, June 2006, as an element of Water Right No. 01-181C.

- b. Whether the Director erred in a manner described in Idaho Code § 67-5279(3) by not engaging in contractual interpretation of the *Settlement Agreement, IDWR Transfer of Water Right, Transfer No. 72385, June 2006*.
 - c. Whether the Director erred in a manner described in Idaho Code § 67-5279(3) by concluding that “[n]othing in Transfer No. 72[3]85 [sic] or the Partial Decree issued by the Snake River Basin Adjudication indicate Right 01-181C can be used for ground water recharge.” *Final Order* at 2. Stated another way, whether the City gave away its ability to use 01-181C to mitigate for 27-12261 when it entered into the *Settlement Agreement, IDWR Transfer of Water Right, Transfer No. 72385, June 2006*.
 - d. Whether the Director erred in a manner described in Idaho Code § 67-5279(3) by concluding that the City must file a transfer if it wants to use 01-181C for mitigation purposes. *Final Order* at 2.
 - e. Whether the Director erred in a manner described in Idaho Code § 67-5279(3) by determining that “any recharge to the aquifer achieved by diversion and use under Right 01-181C, is merely incidental recharge [under Idaho Code § 42-234(5)] and cannot be ‘used as a basis for claim of a separate or expanded water right.’”
- 4. There is no order sealing any portion of the record in this case.
 - 5. The Appellant requests that the transcript of the administrative proceedings held before the Idaho Department of Water Resources be made part of the record on appeal. The Appellant

currently possesses a copy of the transcript, as it was previously prepared by the Idaho Department of Water Resources in conjunction with the District Court's judicial review of this action. A copy of the transcript may be obtained from the Idaho Department of Water Resources or the City of Blackfoot. In addition, the Appellant requests that a copy of the transcript from the hearing on the City of Blackfoot's *Petition for Judicial Review*, held before the District Court on March 10, 2016, also be included. No other transcripts are requested.
